UPDATE: Police identify driver in fatal collision

Howard County police are identifying the driver in a fatal single-vehicle collision that occurred in the 4700 block of Dorsey Hall Drive in Ellicott City.

Robert Terry Jones, 55, of Dalton Road in Parkville, was pronounced dead at Howard County General Hospital this afternoon.

Just after 12:00 p.m., Jones, the driver and sole-occupant of a Dodge Ram 1500 van was traveling east through the parking lot of Dorsey's Search Village Center when he struck a tree. Police are looking into the likelihood that a medical emergency occurred just prior to the collision.

There were no other vehicles involved in the collision, which did not result in any road closures.
